

## **Session Program**

**18-23 May 2014**

# **Blois2014: 26th Rencontres de Blois on "Particle Physics and Cosmology"**

## ***Neutrino Physics***

Gaston d'Orléans  
Château de Blois, Blois, Loire Valley, France

# Thursday 22 May

08:30

## Neutrino Physics

**Session** | **Location:** Gaston d'Orléans, Château de Blois, Blois, Loire Valley, France | **Convener:** Sotirios Loucatos

**08:30–09:00**    **Present status of neutrino parameters and near future prospects**

**Speaker**

Eligio Lisi

**09:00–09:30**    **Long term neutrino prospects**

**Speaker**

Mauro Mezzetto

**09:30–10:00**    **LFV and neutrino physics BSM**

**Speaker**

André de Gouvea

**10:00–10:30**    **Theoretical aspects of flavour in the leptonic sector**

**Speaker**

Mu-Chun Chen

10:30
