Exalytics is the hardware too !

T5-8 or X3-4

Reliable

Compatibility

Sparing

40 to 128 CPU core

2 to 4 TB DRAM

2.4 to 6.4 TB of PCIe Flash

2 to 4*40 Gbps InfiniBand

2 to 4*8 Gbps Fibre Channel ports

2 to 4*10Gb Ethernet Ports

Up to 9.6 TB of raw disk capacity

Planning engine enhancements

7x

Calcul

80x

Read

20x

Write

More Planning cycle

Expand scope

Faster parallel load and export

Faster calcs and cube restructuring

Faster MDX queries

Indexes and data blocks in memory

Better cache management & index

Better workload partitioning & distribution
