

Session Program

14-16 May 2008

LoopFest VII

Session II

University at Buffalo, 120 Clemens Hall
Buffalo, New York

Wednesday 14 May

10:30

Session II

Session | **Location:** University at Buffalo, 120 Clemens Hall, Buffalo, New York

10:30-11:00 **Three-loop corrections to the lightest Higgs Boson mass in the MSSM**

Speaker

Matthias Steinhauser

11:00-11:30 **SUSY-QCD corrections to Higgs processes**

Speaker

Chris Jackson

11:30-12:00 **Recent progress in NNLO calculations**

Speaker

Massimiliano Grazzini

12:00-12:30 **NNLO corrections to event shapes and jet rates in e^+e^-**

Speaker

Thomas Gehrmann

12:30
