

Session Program

3-6 Sept 2014

**Future directions on heavy-ion physics in the
forward region & LHC Working Group on
Forward Physics and Diffraction**

Heavy-ion talks part 1

Lawrence and Kansas City

Thursday 4 September

14:30

Heavy-ion talks part 1

Session | **Location:** Lawrence and Kansas City | **Convener:** Ramona Vogt

14:30–15:30

Student lecture: Experimental heavy-ion physics

Speaker

Michael Murray

15:30–16:00

Recent ATLAS heavy-ion results

Speaker

Ramiro Debbe

16:00–16:20

Coffee break

16:20–16:50

Recent CMS heavy-ion results

Speaker

Pat Kenny

16:50
