ACTIVITIES

1. Manufacturing Services
2. Electrical Systems
3. LED Lighting
4. Electronic Systems

1. MANUFACTURING SERVICES

- Control units
- Power supplies
- Electrical distribution units
- Electronic assemblies

1. MANUFACTURING SERVICES

Design, Documentation,
Planning

Procurement of parts
and components

1. MANUFACTURING SERVICES

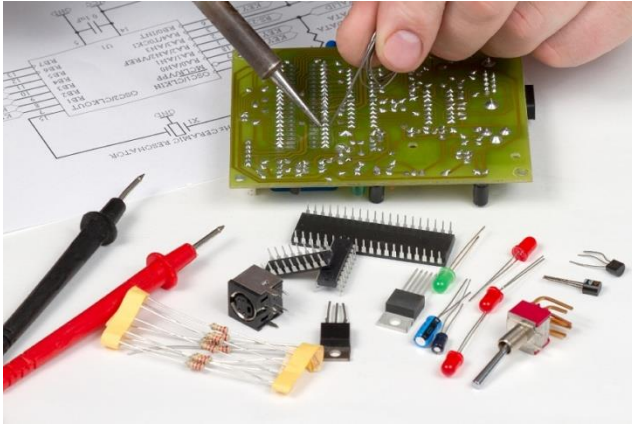

Machining of enclosures
and mounting plates

Cabling, Harnessing

1. MANUFACTURING SERVICES

Fine soldering work

Final assembly, Integration

2. ELECTRICAL SYSTEMS

- Special Power Distribution Systems
- Electrical Installations
- Uninterruptible Power Supplies (UPS)

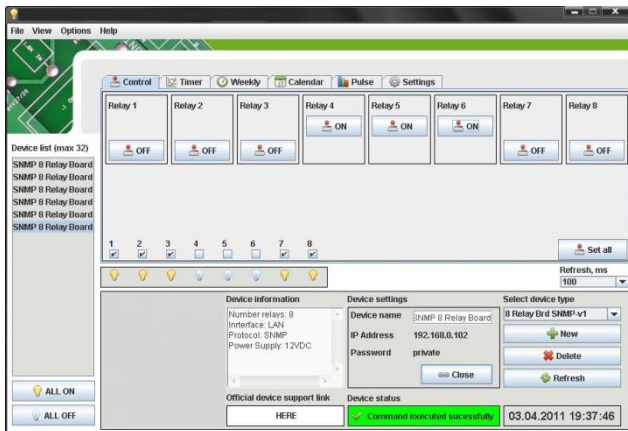

3. LED LIGHTING SYSTEMS

- New generation COB LED Lighting Applications
- Custom definition of photometric properties
- Modular solutions
- Real energy saving >50% compared to conventional energy saving lamps

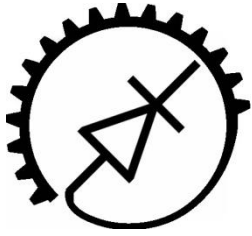

4. ELECTRONIC SYSTEMS

- Remote control, monitoring and consumption logging application for energy saving solutions
- Alarm, access control, CCTV systems

4. ELECTRONIC SYSTEMS

ElektroMech

- ✓ competence
- ✓ optimal return
- ✓ constant improvement
