

Session Program

11 April 2014

LIU Day 2014

Session 4

CERN, Kjell Johnsen Auditorium / 30-7-018

Friday 11 April

15:45

Session 4

Session | **Location:** CERN, Kjell Johnsen Auditorium / 30-7-018

15:45–16:05

**LEIR model (plan for understanding/upgrading LEIR performance limitations)
10'+10'**

Speaker

Michael Andreas Bodendorfer

16:05–16:25

**New ion injection system in the SPS (mode of operation with beam, beam optics,
hardware) 10'+10'**

Speaker

Thomas Kramer

16:25–16:45

**Slip stacking in the SPS (mode of operation with beam, simulations, scheduled
tests and implementation) 10'+10'**

Speaker

Theodoros Argyropoulos

16:45
