

Pile-Up mitigation: prospects for (HL-)LHC

Monday, 11 August 2014 14:25 (15 minutes)

This talk is expected to discuss the latest developments in Pile-Up mitigation at the LHC, and prospects for future improvements and impact on physics performance at the upcoming LHC run, HL-LHC, and perhaps beyond.

Presenter: DOLEN, James William (State University of New York (US))

Session Classification: Parallel Session 2
