

## Status of EWK fits

*Tuesday 12 August 2014 09:00 (30 minutes)*

This opening talk of the Standard Model session is expected to present the current status of the Standard Model and EWK fit, highlight the most interesting features, and discuss prospects for future improvements in precision at the LHC and Beyond and their possible impact, keeping in mind that dedicated talks on determination of  $\alpha_s$ ,  $m_W$  &  $m_Z$  and  $m_{top}$  will follow.

**Presenter:** BAAK, Max (CERN)

**Session Classification:** Standard Model Physics
