

Discussion Session

Monday 11 August 2014 17:00 (30 minutes)

“Surprises and disappointments during run 1”(mostly performance-wise). Some suggestions to be discussed:
(i) What are the reasons for the “early” Scalar boson discovery wrt earlier expectations? (ii) Operation modes (reprocessing, calibration, ...). (iii) MC usage (new features w.r.t. stability). (iv) data/MC agreement. etc.

Presenter: MALGERI, Luca (CERN)

Session Classification: LHC Run 1 Legacy
