

Session Program

10-17 Aug 2014

**Rencontres du Vietnam 2014: Physics at LHC
and beyond**

Flavour Physics

Quy-Nhon, Vietnam

Wednesday 13 August

08:30

Flavour Physics

Session | **Location:** Quy-Nhon, Vietnam | **Convener:** Patrick Robbe

08:30–08:50 **Current status for CP violation measurements**

Speaker

Takeo Higuchi

08:55–09:15 **Prospects for « probes for new physics » in heavy flavours**

Speaker

Prof. George Wei-Shu Hou

09:20–09:35 **B and D Spectroscopy**

Speaker

Giacomo Graziani

09:40–09:55 **B rare decays ($B(s) \rightarrow \mu \mu$, $B(s) \rightarrow K^*/\phi \Pi$, $B(s) \rightarrow K^*/\phi \gamma$)**

Speaker

Sanjay Kumar Swain

10:00

10:30

Flavour Physics

Session | **Location:** Quy-Nhon, Vietnam | **Convener:** Patrick Robbe

10:30–10:45 **B \rightarrow D(*) $\tau \nu$ in various new physics models**

Speaker

Andrey Tayduganov

10:50–11:05 **Latest results on CPV in B and D decays**

Speaker

Piotr Morawski

11:10–11:30 **Future of heavy flavour physics**

Speaker

Ulrik Egede

11:35–12:05 **Discussion session**

Speaker

Stephane Monteil

12:05
