

Session Program

14-19 Sept 2014

**The 13th International Workshop on Tau
Lepton Physics (TAU2014)**

QCD III

RWTH Aachen University

Tuesday 16 September

13:40

QCD III

Session | Location: RWTH Aachen University

13:40–14:00 **ISR-FSR Interference (BaBar)**

Speaker

LIANGLIANG WANG

14:00–14:20

Measurement of Hadronic Cross Section with ISR/Two-Photon Events at Belle (BELLE)

Speaker

Hideyuki Nakazawa

14:20–14:40 **ISR results from BABAR and g-2**

Speaker

Michel Davier

14:40–15:00 **g-2 Theory Update**

Speaker

Peter Marquard

15:00–15:20 **g-2 LBL Contribution**

Speaker

Pere Masjuan Queralt

15:20–15:40

A tau-data-based study of systematic issues and a hybrid strategy for the lattice evaluation of $(g-2)_\mu$

Speakers

Kim Maltman, Prof. Maarten Golterman, Santiago Peris

15:40
