

X Workshop on Particle Correlations and Femtoscopy WPCF 2014

Friday, 29 August 2014

Session 17: Chair: Takafumi Niida - Lecture Hall 5 (14:00 - 15:35)

time	[id] title	presenter
14:00	[98] Charge splitting of directed flow in heavy ion collisions	RYBICKI, Andrzej
14:20	[99] Elliptic flow from causal hydrodynamic fluctuations	MURASE, Koichi
14:35	[100] Study of collective phenomena in pPb collisions by the CMS experiment	TUO, Shengquan
14:50	[101] 3D pion femtoscopy measurements in p-Pb collisions in ALICE	GRACZYKOWSKI, Lukasz Kamil
15:05	[102] Measurement of direct photon 3rd order azimuthal anisotropy in AuAu collisions	MIZUNO, Sanshiro
15:20	[103] Extracting p-Lambda scattering lengths from heavy ion collisions	SHAPOVAL, Volodymyr
