

X Workshop on Particle Correlations and Femtoscopy WPCF 2014

Tuesday, 26 August 2014

Session 8: Chair: Yuriy Sinyukov - Lecture Hall 5 (16:00 - 17:50)

time	[id] title	presenter
16:00	[57] Alpha clustering and flow in light-heavy systems	BRONIOWSKI, Wojciech
16:30	[59] Collective correlations in Heavy Ion Collisions	CSERNAI, Laszlo Pal
16:50	[60] Study of rotating systems with the differential HBT method	VELLE, Sindre
17:10	[62] Observables and in. cond. from self-similar, spheroidal rotating sol's of hydrodynamics	BARNA, Imre Ferenc
17:30	[61] Analytic solution of 3D fireball hydrodynamics without spheroidal symmetry	NAGY, Marton
