

**Session Program**

**21-23 May 2014**

**TOP LHC WG meeting**

***Top mass: new developments II***

CERN, 4/3-006 - TH Conference Room

## Wednesday 21 May

15:30

### Top mass: new developments II

**Session** | **Location:** CERN, 4/3-006 - TH Conference Room

15:30–16:15

#### Non standard measurements of the top mass

**Speaker**

Sebastian Naumann-Emme

16:15–16:45

#### ME technique at NLO to extract $m_{\text{top}}$ from dilepton events

**Speaker**

Pierre Artoisenet

16:45–17:15

#### New method for precise determination of top quark mass at LHC

**Speaker**

sayaka kawabata

17:15–17:45

#### Top mass extraction from dilepton events

**Speaker**

Alexander Dimitrov Mitov

17:45–18:00

#### Studies on the top mass

**Speaker**

Paolo Nason

18:20
