

Session Program

21-23 May 2014

TOP LHC WG meeting

Top mass: new developments II

CERN, 4/3-006 - TH Conference Room

Wednesday 21 May

15:30

Top mass: new developments II

Session | Location: CERN, 4/3-006 - TH Conference Room

15:30-16:15 **Non standard measurements of the top mass**

Speaker

Sebastian Naumann-Emme

16:15-16:45 **ME technique at NLO to extract m_{top} from dilepton events**

Speaker

Pierre Artoisenet

16:45-17:15 **New method for precise determination of top quark mass at LHC**

Speaker

sayaka kawabata

17:15-17:45 **Top mass extraction from dilepton events**

Speaker

Alexander Dimitrov Mitov

17:45-18:00 **Studies on the top mass**

Speaker

Paolo Nason

18:20
