

Sites participating in middleware validation

María Alandes
Andrea Sciabà
IT/SDC

On behalf of the WLCG Operations Coordination team

WLCG Management Board
15th April 2014

Sites for middleware validation (1/2)

- The official list of participating sites is now available as requested
 - https://twiki.cern.ch/twiki/bin/view/LCG/MiddlewareReadiness#Volunteer_Sites

Volunteer Site	Experiment VO	Middleware product to test	Experiment application	Comments
Triumf	ATLAS	dCache SE	Panda pilot/DQ2/Rucio	Site used by the PT too
NDGF-T1	ATLAS	dCache SE	Panda pilot/DQ2/Rucio	Site used by the PT too
Edinburgh	ATLAS	DPM SE	Panda pilot/DQ2/Rucio	Site used by the PT too
QMUL	ATLAS	StoRM SE	Panda pilot/DQ2/Rucio	Site used by the PT too
INFN-T1	ATLAS	StoRM SE	Panda pilot/DQ2/Rucio	Site used by the PT too
OSG	ATLAS	Xrootd	Panda pilot	Site used by the PT too
CERN_T0	ATLAS	FTS3	DQ2/Rucio	Site used by the PT too
PIC	CMS	dCache	PhEDEx, HC, SAM	Site used by the PT too
T2_FR_GRIF_LLR	CMS	DPM	PhEDEx, HC, SAM	Is GRIF in the DPM collaboration?
CERN_T0	CMS	EOS	PhEDEx, HC, SAM	Site used by the PT too
CERN_T0	CMS	FTS3	PhEDEx, ASO?	Site used by the PT too
T2_IT_Legnano	CMS	CREAM CE	HC, glidein factory?, SAM	CREAM details shall be in the PT table before the 2014/05/15 WG meeting

Sites for middleware validation (2/2)

- Work has already started at some of them
- A site already had a testing environment in place
 - A test StoRM frontend, connected to production GridFTP servers
 - Even if a testing environment completely separate from production is preferred, we should allow for a partial overlap if there are good reasons, provided that it does not significantly damage the reliability
- **Is the participation of these sites approved by the MB?**
