

## How to get to CERN:

---

CERN is situated on the French-Swiss border, approximately 10 kilometers from the Geneva city center and 5 kilometers from Geneva Airport. If you are coming by car, more information on how to get to CERN can be found from <http://home.web.cern.ch/directions>

### Coming from the airport:

Upon your arrival, take a free public transport ticket at the airport from the machine you will find at the exit to the baggage collection hall, just before customs control.

There are several ways to get to CERN from the airport:

- 1) Bus Y (direction: Val-Thoiry) will take you straight to CERN from the airport
- 2) Alternatively, you can take
  - bus 57 (direction: Gare de Meyrin)
  - bus 28 (direction: Parfumerie) or
  - bus 23 (direction: Ziplo)
  - to stop named "Blandonnet" where you have to change to tram no. 18 upstairs on top of the bridge (direction: CERN, continue until last stop)
- 3) Free shuttle from Geneva airport to CERN runs from Mon to Fri 8 a.m. – 7p.m.

The TPG buses leave in front of train station, departures level, on the left hand side when coming out of the terminal. The timetables of public transportation in Geneva can be found from the platform and from <http://tpg.ch/>

CERN shuttle schedules and pick up location can be found from <http://gs-dep.web.cern.ch/en/content/Shuttle/Circuit4>

### Upon Arrival:

When you reach CERN in Meyrin, please pick up your visitor card from the reception building (B 33) front desk by showing your personal identification (passport, government issued official ID). If you arrive outside office hours (8h30-17h45), ask for your visitor card from the security officer at Gate B (open 24/7).

### Getting around at CERN:

See internal map services available at: <https://maps.cern.ch/mapsearch/>

### Internet access:

For visitor Internet access, you need to register your computer here: <https://network.cern.ch/sc/fcgi/sc.fcgi?Action=VisitorRegistration>
