

Session Program

9-11 Jul 2014

3rd Heavy Ion Jet Workshop

MC and jet reconstruction

Other Institutes
Instituto Superior Técnico, Universidade Técnica de Lisboa

Friday 11 July

09:00

MC and jet reconstruction

Session | **Location:** Other Institutes, PA1, Instituto Superior Técnico, Universidade Técnica de Lisboa

09:00–09:30

Should we move on? - an assessment of the current knowledge of jet quenching physics

Speaker

Thorsten Renk

09:30–10:00

JEWEL: capabilities and limitations

Speaker

Korinna Christine Zapp

10:00–10:30

Discussion

10:30–11:00

Coffee

11:00–11:40

Pile-up in pp and lessons for heavy ions

Speaker

Philip Harris

11:40–12:10

Jet reconstruction, background subtraction and FastJet in heavy ions

Speaker

Matteo Cacciari

12:10–12:30

New CMS background subtraction

Speaker

Yue Shi Lai

12:30
