

## **Session Program**

**12-14 Mar 2014**

# **Workshop on picosecond photon sensors for physics and medical applications**

## ***Photodetector session I***

Other Institutes, Laboratoire de Physique Corpusculaire  
Clermont-Ferrand

## Wednesday 12 March

14:00

### Photodetector session I

**Session** | **Location:** Other Institutes, Laboratoire de Physique Corpusculaire, Clermont-Ferrand

14:00–14:25 **LAPPD status**

**Speaker**

Oswald Siegmund

14:25–14:50 **PPS/Timing with Si (vidyo)**

**Speaker**

Mr Nicolo Cartiglia

14:50–15:15

**Application of atomic layer deposited microchannel plates to fast timing, imaging detectors**

**Speaker**

Oswald Siegmund

15:25
