

## **Fabrication of 200um thick p and n- type pad detectors with enhanced multi-plication effect**

*Friday 13 June 2014 09:40 (20 minutes)*

I will show the final design of the new mask for the fabrication of LGAD diodes, strips and pixel detectors.

**Author:** PELLEGRINI, Giulio (CNM-IMB-CSIC)

**Presenter:** PELLEGRINI, Giulio (CNM-IMB-CSIC)

**Session Classification:** Session 4 - Sensors with intrinsic gain - LGAD
