

# Beauty 2014

## Thursday 17 July 2014

### Rare decays: Session I - Playfair Library (14:00 - 15:30)

| time  | [id] title  | presenter                 |
|-------|---|---------------------------|
| 14:00 | [46] Rare and suppressed decays of B0 mesons with the ATLAS detector 17'+3' | WALKOWIAK, Wolfgang       |
| 14:20 | [47] Search for Bs,d->mumu decays at CMS 17'+3'                             | HEISTER, Arno             |
| 14:40 | [48] Very rare B decays 17'+3'  | RAMA, Matteo              |
| 15:00 | [49] Rare leptonic decays 25'+5'  | MISIAK, Mikolaj Krzysztof |

### Rare decays: Session II - Playfair Library (16:00 - 18:00)

| time  | [id] title  | presenter                      |
|-------|---|--------------------------------|
| 16:00 | [50] Electroweak penguins with di-leptons 20'+5'                                    | LANGENBRUCH, Christoph Michael |
| 16:25 | [51] EW and radiative penguin transitions from B factories 20'+5'                   | Prof. CHANG, Paoti             |
| 16:50 | [52] Radiate electroweak penguins 17'+3'  | PUIG NAVARRO, Albert           |
| 17:10 | [53] Study of FCNC in top quark production and decay with the ATLAS detector 17'+3' | ARAQUE ESPINOSA, Juan Pedro    |
| 17:30 | [54] Semileptonic Rare decays 25'+5'  | BOBETH, Christoph              |
