

# Report from Cracow group

J. Chwastowski, R. Staszewski

- 5 people interested in contributing (software):
  - prof. Janusz Chwastowski
  - dr Dominik Derendarz
  - dr Paweł Malecki
  - dr Rafał Staszewski
  - dr Maciej Trzebiński
- So far only first attempts to go through tutorials and run LHCb software
- Several SQUID devices in Cracow. Unfortunately, so far haven't found one suitable for MoEDAL. Still searching ...
- Full participation of Cracow (fees) can happen only after obtaining a dedicated grant. It is difficult to apply for fees in Poland. Can we contribute to hardware (buy parts) instead?
