

# 1st Workshop on Accelerator Magnets in HTS

## Wednesday, 21 May 2014

**II. Industry of HTS Tapes: performance, length, yield, width. Is it possible to think of round wire? What is now, in 2 years and in 5 years? - Seminar Room 1 (EG. 076) CFEL Bldg (14:00 - 18:30)**

-Conveners: Luca Bottura; Lance Cooley

time	[id] title	presenter
14:00	[6] HTS development of EuCARD-2 conductor and industrialization at BHTS (30'+5')	USOSKIN, Alexander
14:35	[7] HTS development and industrialization at Superpower (25'+5')	HAZELTON, Drew
15:05	[8] HTS development and industrialization at Fujikura (25'+5')	NEWMAN, Tom
15:35	[9] HTS development and industrialization at Sumitomo (25'+5')	KINOSHITA, Kan
16:05	Coffee Break & Group Photograph	
16:25	[10] HTS development and industrialization at Sunam (25'+5')	MOON, Seung Hyun
16:55	[11] HTS development and industrialization at SuperOx (25'+5')	MOLODYK, Alexander
17:25	[12] Roebel cable industrial optimization - General Cable Superconductors (25'+5')	LONG, Nicholas
17:55	[13] Panel Discussion	COOLEY, Lance BOTTURA, Luca
