KEK stray cats have found a good house

- **Nextef and Narrow Waveguide Test Stand**
 - Since ITRP decision, it once went down....
 - Even more, the extreme opinions ...
 - But, we decided to maintain ...
 - On the contrary
 - Available for continuous running with the injector operation

- **The KEK R&D X-band budget's getting increased again**
 - Part of injector operation budget
 - Japan – US collaboration program
 - Collaboration with CLIC program

How do we develop X-band activities ?

(KEK)

- **Need more man power**
 - Welcome foreign colleagues
 - We can apply the short-term visiting research worker 4 times a year. Please contact our colleagues if interested.
 -
- **Need technical collaboration**
 - Have to establish more stable test stand at higher power
- **Need more budget**
 - We further try to get competitive funds
 - Welcome further investment for Nextef
