

Session Program

13-15 May 2008

2nd Collaboration Meeting on X-band Accelerator Structure Design and Test- Program

High gradient experiment (3)

KEK, Building No.4 Seminar hall
Tsukuba, Japan

Wednesday 14 May

16:30

High gradient experiment (3)

Session | Location: KEK, Building No.4 Seminar hall, Tsukuba, Japan

16:30-16:50

Copper treatment for single-cell standing-wave structure

Speaker

Yasuo Higashi

16:50-17:10

Status of tests of single cell accelerating structures

Speaker

Dr Valery Dolgashev

17:10-17:30

Narrow waveguide experiment

Speaker

Kazue Yokoyama

17:30-17:50

Pulsed heating experiments

Speaker

Dr Lisa Laurent

17:50-18:10

Discussion toward ultimate gradient

18:10
