

Session Program

13-15 May 2008

2nd Collaboration Meeting on X-band Accelerator Structure Design and Test- Program

Structure fabrication (2)

KEK, Building No.4 Seminar hall
Tsukuba, Japan

Tuesday 13 May

16:30

Structure fabrication (2)

Session | **Location:** KEK, Building No.4 Seminar hall, Tsukuba, Japan | **Conveners:**
Germana Riddone, Yasuo Higashi

16:30-16:50

Disk-damped versus quadrant-damped from engineering view point

Speaker

Yasuo Higashi

16:50-17:10

Comparative analysis of disk and quadrant manufacture

Speaker

Dr germana riddone

17:10-17:30

Manufacturing Experience with Acceleration structures

Speaker

Richard Zoetewey

17:30-18:00

Brain storming on fabrication issues

Speaker

Yasuo Higashi

18:00
