

Session Program

13-15 May 2008

2nd Collaboration Meeting on X-band Accelerator Structure Design and Test- Program

Structure fabrication (1)

KEK, Building No.4 Seminar hall
Tsukuba, Japan

Tuesday 13 May

14:55

Structure fabrication (1)

Session | Location: KEK, Building No.4 Seminar hall, Tsukuba, Japan

14:55-15:15

Test structure fabrication: procedures, documentation and status

Speaker

Dr germana riddone

15:15-15:35

SLAC Activities for Collaboration of X-Band Structure Design and Fabrication

Speaker

Dr Juwen Wang

15:35-15:55

Quadrant fabrication study

Speaker

Toshikazu Takatomi

15:55-16:15

General engineering and integration issues concerning the design of accelerating structure

Speaker

Risto Juhani Nousiainen

16:15
