

Session Program

15-17 Sept 2014

**Workshop on CMOS Active Pixel Sensors for
Particle Tracking (CPIX14)**

Technology and design II

University of Bonn, Bethe Forum
Physikalisches Institut Nussallee 12 D-53115 Bonn

Monday 15 September

11:00

Technology and design II

Session | **Location:** University of Bonn, Bethe Forum, Physikalisches Institut Nussallee 12 D-53115 Bonn |
Convener: Walter Snoeys

11:00–11:30

Deep n-well CMOS Sensors with 3D Integration of Global Foundries Wafers

Speaker

Valerio Re

11:30–12:00

DMAPS Design in XFAB Technology

Speaker

Tetsuichi Kishishita

12:00–12:30

Development of DMAPS Sensors in ESPROS Technology

Speaker

Miroslav Havranek

12:30
