

IT Lightning Talks: session #1

Internet of things or smart everything?

Sebastien.Ceuterickx@cern.ch

IT/Communication Systems

How IoT will improve my life?

A nightmare to set up?

App Store

Super SMART IoT or nothing

- Self-connect to Internet
- Scalable with different items and services
- Managed easily
- Adaptive to human behavior and changes
- Reliable to save my morning coffee
- Trustworthy to preserve your privacy
