--

Gdvw002 - it's ok to update. James/John: Contact uli

Gridftp producer

Consumer - needs upgrading - will install
Producer - Daniel will deploy

FTS publisher - on pre-production

Announcement : Rajesh to send details to John - john to get announced

Report Generation

Looks good ! Will present at GDB.
Issues with running iReports remotely...

Job Reliability

gLite L&B doc is very old.
Prototype in PERL
Vaibhav will work on the lb dev box.
Vaibhav will update the legacy system to use the new format

We'll use the L&B

Grid Topology Database

Piotr writing something... will follow up.

AOB.
