
CERN TT Network

WP3: Methods for measuring TT activities and results

TT Network Meeting – WP3 Methods for measuring TT– Geneva, April 10th, 2008

WP3 Measuring TT - Organisational

WP Convenors:

- Katharina Henjes-Kunst (DESY, DE)
- Marcel Sobermann & Pascal Dargent (CNRS/ IN2P3, FR)

WP Participants:

- CERN
- CNRS/ IN2P3
- Copenhagen University
- DESY, DE
- EPFL, CH
- INFN & Universita degli Studi dell'Insubria, IT

WP Duration:

- Start M 1, end M 18

WP 3: Measuring TT - content

Aim of WP:

- Investigate, define and classify a set of criteria to measure TT activities
 - Analyze these criteria for the TT Network members
- ==> Discussion: What is the scope of TT activities - pure TT or also Collaborative Research, Services, Education?

Deliverables:

- M 12 - list of quantitative and qualitative criteria/indicators
- Milestone - Workshop with the evaluation of M 12
- M 18 - final list with evaluation of how the criteria fit to TT network

WP 3: Measuring TT - literature

Literature:

- CERN status report on TT activities
- Management of Intellectual Property in publicly-funded research organisations: towards European Guidelines
- CREST group: Cross-border collaborations report - 2006
- Internal report of SCITECH-PPARC (?)
- Final ERID-Watch Report (October 08)
-

Please send all hints for literature to us!

WP 3: Measuring TT - next steps

1) Gather further literature:

- Gather literature among all TT network partners
- Make it available for all WP 3 participants (Sharepoint?)

2) Meeting of WP Participants:

- Organize a first meeting of all WP participants - topics: scope, workplan, tasks, timeframe, literature (May 08, Hamburg?)

3) Description of work:

- Prepare a detailed description of work after first meeting

WP 3: Measuring TT - contact
