

## **Session Program**

**25-27 Sept 2014**

**DM @ LHC 2014: Merton College, Oxford**

***Session 3***

## Friday 26 September

14:00

### Session 3

**Session** | **Location:** Merton College, T. S. Eliot Theatre | **Conveners:** Dr Stephen Mrenna, Sarah Malik

14:00–14:20

#### Experimental summary of SUSY Dark Matter searches at the LHC

**Speaker**

Yu Nakahama

14:30–14:50

#### Testing Light Neutralino Dark Matter at the LHC

**Speaker**

Lorenzo Calibbi

15:00–15:20

#### The interplay of the LHC and Direct Dark Matter Detection in unravelling Natural Supersymmetry at the Focus Point

**Speaker**

Alexander Belyaev

16:00–16:20

#### Dark matter in the MSSM, Dr. ARBEY, Alexandre

**Speaker**

Alexandre Arbey

16:30–16:50

#### Conformally Symmetric Extensions of the Standard Model & Dark Matter

**Speaker**

Juri Smirnov

17:00–17:20

#### Towards a Supersymmetric Description of the Fermi Galactic Center Excess

**Speaker**

Thomas Rizzo

17:30
