

NANOTECHNOLOGY 2014

Matchmaking Event, Thessaloniki 9th July 2014

Organizers: PRAXI Network & MIRTEC S.A.

during:

NANOTECHNOLOGY 2014

- a multiple event including conference and symposium on Nanosciences, Nanotechnologies, Organic electronics
- one of the biggest events on the field taking place in Southeast Europe
- organized by Physics Department, Aristotle University of Thessaloniki (11th year)

Topics:

Basic fields:

- Nanomaterials
- Organic Electronics
- Photonics
- Micro/nano-electronics

Applications of nanotechnology in:

- Photovoltaics
- Chemicals and Plastics
- Building materials
- Textile
- Nanomedicine and biomaterials

Addressed to:

- ✓ researchers
- ✓ entrepreneurs
- ✓ innovators
