

## **Session Program**

**12-14 Nov 2014**

# **The 2014 Kyoto Workshop on HTS Magnet Technology for High Energy Physics - The 2nd Workshop on Accelerator Magnet in HTS (WAMHTS-2) -**

***CC Coils / Magnets***

# Thursday 13 November

16:40

## CC Coils / Magnets

Session | Location: ARASHIYAMA BENKEI | Convener: Toru Ogitsu

16:40-17:10

### Investigation of HTS Roebel Cable strand alignment within coils and during coil winding

**Speaker**

Nicholas Long

17:10-17:40

### Recent Results in High Field HTS Magnet Technology

**Speaker**

Ramesh Gupta

17:40-18:10

### Magnet technology in the NHMFL 32 T HTS-LTS solenoid

**Speaker**

Hubertus Weijers

18:10-18:40

### Detail design of 25T cryogen-free superconducting magnet at Tohoku University

**Speaker**

Satoshi Awaji

18:40
