# Summary (2005-2007)

- ✓ Masterclasses started in 2005
- ✓ Initially motivated by  
2005 International Year of Physics
- ✓ Organized initially at  
Lisboa – LIP/IST + Faculty of Sciences (FCUL)  
Coimbra – LIP/Faculty of Sciences & Tech.(FCTUC)  
(and repeated in 2006 and 2007)
- ✓ Program thought very successful and very useful

# Evolution of Participation

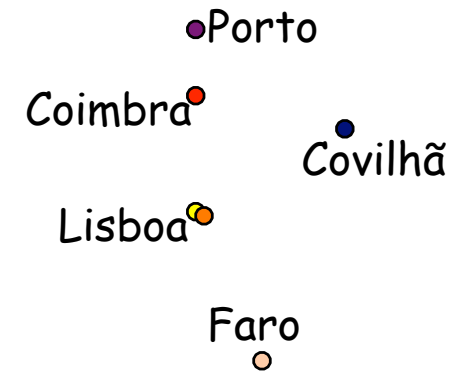

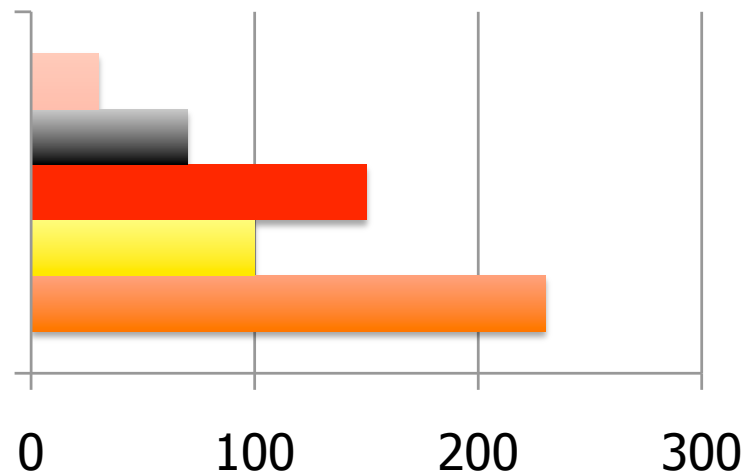

# Surprise in 2008!...550+!!!

✓ CERN's Portuguese Teachers Program 2007 w/ 43/200 participants, spread over the country (islands included)

✓ 2 more Universities joining:  
Covilhã and Faro (both 300 kms away)  
Univ. Porto to join next year...

Number  
of 2008  
Participants

# Special Issue: a marked success!

- ✓ Video-linkup with U.C. Riverside, Ca., USA between portuguese students at the Faro session and with US Students from San Jancinto High School at UCR.
- ✓ Special thanks to Dave Barney for extending his participation in that day.
- ✓ Very successful for both parties!
