

Session Program

28-30 Jul 2015

Reflections on the atomic nucleus

Shapes & strengths

Tuesday 28 July

16:00

Shapes & strengths

Session | **Location:** Chadwick Lecture Theatre | **Convener:** Sunniva Siem

16:00–16:25

Thermodynamic and electromagnetic properties of nuclei

Speaker

Magne Guttormsen

16:25–16:50

Couplings between particle and phonons around neutron-rich doubly-magic nuclei

Speaker

Silvia Leoni

16:50–17:15

Beta-strength, decay heat and anti-neutrino spectra from Total Absorption Spectroscopy

Speaker

Krzysztof Rykaczewski

17:15
