

Session Program

26-28 Nov 2014

Workshop on Special Compact and Low Consumption Magnet Design

6th Session: Short communication from participants

CERN, 30/7-018 - Kjell Johnsen Auditorium

Thursday 27 November

17:00

6th Session: Short communication from participants

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Convener:** Akira Yamamoto

17:00–17:20

A capital-cost and energy reducing configuration for dipoles in multi-stack race-track bends

Speaker

Neil Marks

17:20–17:40

Development of a hybrid permanent magnets quadrupole

Speaker

Patrick Ngotta

17:40–18:00

The loss budget of the SIS100 fast ramped superferric magnets

Speaker

Anna Mierau

18:00–18:15

Discussion

18:30
