

Workshop on Special Compact and Low Consumption Magnet Design

Thursday, 27 November 2014

4th Session: Efficient and compact magnet design examples - Part 1 - 30/7-018 - Kjell Johnsen Auditorium (10:30 - 12:30)

-Conveners: Daniel Schoerling

time	[id] title	presenter
10:30	[18] Compact superconducting magnets for linear accelerators	KASHIKHIN, Vladimir
11:00	[19] Electromagnetic and hybrid design experience for CLIC magnet R&D	MODENA, Michele
11:30	[20] ZEPTO: Tunable permanent magnet dipoles and quadrupoles	SHEPHERD, Ben
12:00	[35] The experience at FERMILAB: recycler ring and beam lines based on PM technology	KASHIKHIN, Vladimir
