

Session Program

26-28 Nov 2014

Workshop on Special Compact and Low Consumption Magnet Design

7th Session: Beam dynamics, alignment, magnetic measurement requirements

CERN, 30/7-018 - Kjell Johnsen Auditorium

Friday 28 November

09:00

7th Session: Beam dynamics, alignment, magnetic measurement requirements

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Convener:** Michele Modena

09:00–09:20

Beam dynamics requirements for future accelerators

Speaker

Yannis Papaphilippou

09:20–09:40

Magnet alignment challenges for future accelerators

Speaker

Helene Mainaud Durand

09:40–10:00

Magnetic measurements challenges for very compact magnets

Speaker

Marco Buzio

10:00–10:30

Nano-positioning possibilities for future accelerator magnets

Speaker

Kurt Artoos

10:30
