## **Technical Network Liaison Committee (1)**

*Wednesday, 24 September 2008 15:00 (30 minutes)*

The session is an exchange between EGEE and network providers (GEANT, NRENs); the topics that will be discussed focus on ticket trouble standardization, assessment of the impact on the grid of a trouble ticket, SLA, AMPS, monitoring tools and also on what the network providers expect from the Grid.

**Session Classification:** Technical Network Liaison Committee
