

EGEE'08 Istanbul

Contribution ID: 153

Type: **not specified**

From EGEE to EGI

Tuesday 23 September 2008 11:45 (40 minutes)

This contribution will start with a talk by Diana Cresti describing the EGI User Support Task Force. In the following discussion, we will debate on the mechanisms by which the cluster can contribute to the activities of the task force and more generally to EGI in synergy with NA4 management and the other NA4 clusters.
