

3rd Building Bridges in Healthgrids Workshop

22nd of September 2008, 2pm to 5pm

Workshop Details

Session Title	3 rd Building Bridges in Healthgrids Workshop – Applications for Health, from Biomedical Data Acquisition to its Integration and Use in Grids
Session Chairperson	Vincent Breton, breton@clermont.in2p3.fr , WISDOM
Projects participating in the session	<ul style="list-style-type: none"> ● Health-e-Child, martin.huber@siemens.com ● WISDOM, breton@clermont.in2p3.fr ● neuGRID, richard.mcclatchey@uwe.ac.uk ● SHARE, yannick.legre@healthgrid.org ● ACGT, tsiknaki@ics.forth.gr
Session Description	<p>In highlight of the newly published SHARE Roadmap, the aim of this 3rd edition of our workshop is to give an opportunity to all stakeholders to review the status of various International initiatives addressing the development and deployment of Grid applications for medical research and health care. More particularly, participants will be able to compare their respective approaches for addressing healthgrid challenges, and to initiate new collaborations and convergence in the community.</p> <p>Thus, a panel of experts will be invited to give a short presentation of their work, related to 3 major topics of interest, ranging from biomedical data acquisition/integration, to end-user applications gridification, to grid middleware related requirements.</p> <p>The second part of the workshop will aim to engage discussions around emerging topics in the community, and in particular will attempt to address the milestones defined in the SHARE roadmap. For this purpose, a set of panelists will express their opinions, and ultimately addressing additional questions/topics raised in the audience. The proposed topics are:</p> <ul style="list-style-type: none"> - Identifying ways forward in Europe for the convergence toward a community healthgrid platform and infrastructure, - Security and privacy in healthgrids, Common practices in European projects. Emergence of an healthgrid European regulation. - Medical data integration and exploitation in grids. European Technologies and their Integration in the Grid.
Duration and room capacity	One session of 2 x 90 minutes, Room capacity 80.
Related EGEE Activities	NA4, NA5.

Workshop Program			
Time	Title	Speaker	St.
14:00 - 14:10	BBH Welcoming and Introduction	Vincent Breton – CNRS (<i>Session Chair</i>)	OK
14:10 - 14h30	SHARE Roadmap Presentation	Yannick Legré – HealthGrid	OK
14h30 - 14h50	ACGT Project	George Stamatakos - ACGT	OK
14h50 - 15h10	Health-e-Child Project	Martin Huber - SIEMENS	OK
15h10 - 15h30	neuGRID Project	Ashiq Anjum – UWE	TBC
15h30 - 16h00	Coffee Break		
16h00 - 16h10	Summary of the HealthGrid08 Conference & 2 nd BBH Workshop in Chicago	Joerg Freund - SIEMENS	TBC
16h10 - 16h30	SPIDeR Project	David Manset	OK
16h30 - 17h30	BBH Roundtable (Panelists Below)	Yannick Legré (<i>Session Chair</i>)	OK
	VPH Community	UOXF / SIEMENS	TBD
	NeuroSciences Community	VI-e	TBD
	Drug Discovery Community	WISDOM	TBD
	Epidemiology / Clinical Trials Community	caBIG	TBD
