# Booklet (from Karl)

- The material for the main content has all been received - many thanks to contributors. There's a certain amount of work in going from the raw material to the finished layouts. It's going to be tight, but we should have everything ready for the print deadline (17th June).
- A few volunteers for proof-reading over the weekend (14th-15th) would be very welcome.
- As a reminder to exhibit coordinators, I need list of sponsors, sorted list of team members, and introduction for 12th June.
