TT Network Meeting  
Geneva – 17<sup>th</sup> June 2008

TT Network Membership  
Proposal

*Jean-Marie Le Goff DSU-TT*

# Network membership as specified in CERN/FC/5231, CERN 2778

## *Tool development phase*

- TT network composed of TT offices of PROs active in PP, which will execute its program of work in a joint project along the following lines:
  - Share best practices in TT and IP matters,
  - Provide standards for IP matter in collaboration with existing networks,
  - Provide a framework to enlarge TT offer
- Initial composition proposed to Council (next slide)
  - Membership to the TT network requires a permanent and active cooperation
  - Each TT Office to contribute to the tool development in taking part in WP1 and/or WP2 and/or WP3

## *Tool validation phase*

- Initial composition proposed to Council (next slide)
  - Each TT Office to contribute to WP4

## *TT Network permanent operation (after project completion)*

- TT Network to propose an organisation, structures and financing to support permanent operations
- Task 6 of WP5: Preparation of Permanent TT Network structures

# TT Network Board (Composition)

TT Network Kick-off Meeting  
Geneva, April 10, 2008

Technology  
Transfer

# Requirements for new members and approval procedure

## *During the tool development phase (~ 1 year duration)*

- Well established TT Office of Public Research Organization active in PP that can make an effective contribution to WP1 and/or WP2 and/or WP3
- Subject to the approval of the TT Network board
  - Simple majority

## *During the validation phase (~ 2 years duration)*

- TT Offices of PRO active in PP having technologies to transfer can be considered
  - Including TT Offices with limited capability
- Subject to the approval of the TT Network board
  - Simple majority

## *During TT Network permanent operation*

- To be discussed in WP5 task 6: Preparation of Permanent TT Network structures

# Observer status

---

## *In order to facilitate the execution of TTTF remaining activities*

- Raise awareness in MS of TT from PP to industry for the benefit of society
- Assist TT offices in MS and at CERN

## *Observer status to TTTF members to attend TT Network meetings*

- Upon written request
- Until project completion
