## Heavy ion, photon

**Session** | **Location:** Other Institutes, Yukawa Institute, Yukawa Institute, Kyoto

08:30–09:00 **Recent results from ALICE on UPC collisions (p Pb and Pb Pb)**

**Speaker**

Jesus Guillermo Contreras Nuno

09:00–09:30 **Results from the heavy ion runs from ATLAS**

**Speaker**

Jiri Dolejsi

09:30–09:55 **Prompt photon production at HERA**

**Speaker**

Andrii Iudin

09:55–10:20 **Inclusive photon and photon+jet measurements in ATLAS**

**Speaker**

Rikutarō Yoshida

10:20–10:45 **Forward physics at the LHC with ALICE**

**Speaker**

Thomas Peitzmann

10:45–11:15 **Discussion: heavy ions, photon physics**

**Speakers**

Jesus Guillermo Contreras Nuno, Rikutarō Yoshida

11:15
