## Exclusive diffraction

**Session** | **Location:** Other Institutes, Yukawa Institute, Yukawa Institute, Kyoto

**14:30-14:50 Exclusive jet production at the LHC**

**Speaker**

Lucian Harland-Lang

**14:50-15:10 Quartic anomalous coupling studies**

**Speaker**

Matthias Saimpert

**15:10-15:30 High energy photon interactions at the LHC**

**Speaker**

Krzysztof Piotrkowski

**15:30-15:55 Diffractive and Exclusive measurements in CMS**

**Speaker**

Gustavo Gil Da Silveira

**15:55-16:20 Coffee break**

**16:20-16:45 QCD and forward physics at LHCb**

**Speaker**

Albert Bursche

**16:45-17:05 Searching for invisible particles with forward proton detectors**

**Speaker**

Rafał Staszewski

**17:05-17:25 Diffractive bremsstrahlung of abelian fields**

**Speaker**

Boris Kopeliovich

**17:25-17:45 A model for the reaction  $\gamma p \rightarrow \pi^+ \pi^- p$**

**Speaker**

Michel Sauter

**17:45-18:30 Discussion: exclusive diffraction**

**Speakers**

Christophe Royon, Lucian Harland-Lang
