

PHOS Preparations for Run2: TODO list

Boris Polishchuk, Yuri Kharlov
ALICE Offline Week
26 Jun 2014

TODO list

- Geometry update:
 - $\frac{1}{2}$ of Module 1 (now whole module or nothing)
 - CPV in front of Module 2, geometry is slightly different from existing in AliRoot
- New trigger data reconstruction in offline
- CPV raw data decoding
 - exists as standalone program
- CPV raw \rightarrow Digits
