

Session Program

16-17 Jun 2014

Technical meeting on T600 developments

Future magnetization of T600 and mechanical forces (ICARUS+CERN)

CERN, 864/1-C02 - indisponible a partir du 24/04/2017

Monday 16 June

18:30

Future magnetization of T600 and mechanical forces (ICARUS+CERN)

Session | **Location:** CERN, 864/1-C02 - indisponible a partir du 24/04/2017

18:30-18:45

Study of the magnetic field for the T600 and of the related mechanical forces

Speaker

Andrea Falcone

18:45-19:00

Preliminary study of electron / positron identification with magnetised Lar

Speaker

Marta Torti

19:00-19:30

Discussions and sharing of responsibilities (ICARUS+CERN)

19:30
