

CONFERENCES

Conference schedule 2014

- **Exoplanetary science** : April 20 - 26, 2014
- **Flavour Physics** : July 27 - August 2, 2014
- **Very High Energy Phenomena in the Universe** :
August 3 - 9, 2014
- **Physics at LHC and beyond** : August 10 - 17, 2014

Conference schedule 2015

- **Challenges and Progress in Neutrino Flux Modeling** :
July 12 - 18, 2015
- **Planetary Systems : A Synergetic View** :
July 19 - 25, 2015
- **2nd Heavy Ion Collisions in the LHC era and Beyond** :
August 9 - 15, 2015
- **Cosmology** : August 16 - 22, 2015

ICISE

International Center for Interdisciplinary
Science and Education

Quy Nhon – Viet Nam

Regarded as an unique adventure in the scientific world, the association “Rencontres du Vietnam” has developed a close network of international cooperation for scientific research for over 20 years. The ICISE Center, inaugurated in August 2013, will benefit from the experience gained in organizing the Rencontres de Moriond since 1966 and the Rencontres de Blois since 1989. It aims to promote interaction, collaboration and friendship among scientists from the Eastern and Western worlds.

A MAGIC PLACE

Architect: Studio Milou (Paris- Singapore)

The Center is established in Quy Nhon, a university town, located on the east coast of Vietnam, one hour north from Ho Chi Minh City (Saigon) by air, or one hour and a half south from Hanoi.

Nestled between the mountains and the sea, in the shade of coconut trees, it occupies an exceptional location, on a 20 hectare piece of land granted by the provincial authorities, with a beautiful sandy beach.

FACILITIES

Project management: Bouygues Batiment International (France)

The ICISE center consists of :

- A reception hall
- A large auditorium of 350 seats
- A conference room of 150 seats
- Two seminar rooms of 40 seats
- Offices
- Cafeteria
- Panoramic terrace

TECHNICAL SUPPORT

Builder: Công ty 47 (Binh Dinh, Việt Nam)

- Administrative support for the organization of the conferences
- Conference secretariat during the sessions
- Internet : optical fiber up to 30 Mo.
- Connection with Vinaren Network
- Video conference (soon)
- Master control room
- Videoprojectors
- Sound system
