

DISCRETE 2014: Fourth Symposium on Prospects in the Physics of Discrete Symmetries

Tuesday 2 December 2014

PLENARY 1 (09:00 - 13:30)

time	[id] title	presenter
09:00	[122] Welcome address: Mr C. Mottershead, Vice Principal Research & Innovation	
09:15	[170] Discrete Glimpses of the Physics Landscape after the Higgs Discovery	ELLIS, Jonathan R.
10:00	[160] Experimental particle physics in light of results from the LHC	VIRDEE, Jim
10:45	Coffee break	
11:15	[162] News from the Universe	Prof. SARKAR, S
12:00	[117] PT-symmetric quantum theory	Prof. BENDER, Carl
12:45	[165] Experimental prospects for C, P, T, CP and CPT tests	BEVAN, Adrian
